Criminal Prosecution of Packers
Planned in Triplicate Action
Announced.

(By Associated Press)
Columbus, O., August 7.—The entire machinery of the state government is to be utilized in the high cost of living investigation.

Because of a shortage in inspectors in the dairy and food bureaus, Governor Cox has called on other state departments to furnish experts to assist in the investigation.

Reports reached the Attorney General and Governor today that big food dealers were moving produce from storage yesterday, following action of the Franklin county authorities in attempting to confiscate pork held in storage in violation of the state law.

Attorney General Price, in an opinion to the Department of Agriculture, ruled that owners of food, as well as proprietors of storage warehouses, were jointly liable for violation of the law.

PLAN CRIMINAL PROSECUTION OF BIG FIVE

(By Associated Press)
Washington, August 7.—The Government's case against the five big packers will be placed before the Federal grand jury which meets at Chicago three weeks hence.

This means that criminal prosecution will be instituted.

Federal District Attorney Clyne, at Chicago, said today that besides asking indictments under the criminal sections of the Sherman anti-trust law, civil suits would be brought under that suits would be brought addition the packers would be prosecuted under the food control act on charges of hoarding.

WILSON CALLS INVESTIGATORS

make arrests wherever facts warranted.

Introduction of a resolution in Congress was made today proposing a reduction of \$1,000,000,000 in federal taxes next year by reducing government expenditures.

Another resolution in the Senate asked the Judiciary Committee to determine whether it would be advisable to prohibit temporarily the exporting of foods, clothing and other necessities.

Authority to the Post Office Department to increase the parcel post rates limit from 12 to 125 pounds so as to facilitate the distribution of surplus army food, was asked in another resolution.

A report made by the Federal trade commission showed that stocks of foods in storage this year were 20 per cent greater than a year ago despite the fact that prices of practically all foods have shown an increase.

SAY SUICIDE A DYNAMITER

(By Associated Press)
Los Angeles, Cal., August 7.—Charles McGuire, who committed suicide here last night by leaping from the eleventh floor of the Hall of Records was held responsible by public officials today for the dynamiting last Sunday of the home of Oscar Lawler, a prominent attorney.

McGuire had been told he was to be indicted for the offense.

Coupe d'Etat Carried Out Without Disorder Says Report to Peace Conference.

People Not Expected to be Content with Work of Reactionary Grand Duke,

Rumanians Said to be Looting Budapest Stores.

(By Associated Press)

Paris, August 7.—The peace conference was advised today that the Hungarian cabinet headed by Jules Peidl had been overthrown and that Archduke Joseph had established a ministry in Budapest.

Advices through the peace conference stated that Rumanian forces had crossed the Danube into the business section of Budapest and were seizing supplies, preparing to ship them to Rumania.

The messages to the Conference regarding the cabinet states that at six o'clock last night the members of the Social Democratic Government, while they were in session at the na-

tional palace, were arrested by Hungarian police. The coup d'etat was carried out without disorder.

The Social Democrats of Hungary still hope that the allied and associated governments will not tolerate either Rumanian control of the country or that of a government by the reactionary grand dukes, additional dispatches reaching the conference from Budapest say.

The Rumanian army is reported living on the country, seizing the food it wants, although Budapest is on the verge of starvation. The Rumanians, the advices add, have instituted a blockade, one feature of which has been the destruction of portions of the railways between Budapest and Vienna.

BLACKS RETURN AND WHITE QUIT AT STOCKYARDS

(By Associated Press)
Chicago, August 7.—Extra precautions were taken to maintain order about the stockyards today with return of several thousand negro employees engaged there prior to the race riots.

It was announced at noon that the return of the negroes might result in a general strike. The white men objected to the negroes because they were not union men.

Union leaders declared this afternoon 5000 white employees had walked out.

PLUMB SAYS RAILROADS ARE ROBBED

Accuses Capitalists of Plundering the Roads of Country

Morgan and Rockefeller Groups Charged with Sacking Work

(By Associated Press)

Washington, August 7.—Leading directly "from Wall Street and from the banking houses controlled directly by Morgan and Rockefeller groups," information which has come into the possession of the railroad brotherhoods "shows that there has proceeded a systematized plundering of virtually all of the public transportation highways in the United States," the House Inter-State Commerce Committee was told today by Glenn E. Plumb, of Chicago.

Mr. Plumb, who appeared in support of the so-called Plumb plan for the reorganization of the railroads, said the information tended to show that the "wrecking and looting" of the New Haven, Chicago & Alton, Rock Island and Frisco lines were "not sporadic examples of the highway robbery to which the American nation has been subjected as to its public transportation highways."

"CAN PROVE IT"

Definite information on which his charges were based, Mr. Plumb said, would be turned over to the committee upon which it may ask for a full congressional investigation.

"We believe such an investigation will reveal," he continued, "that not one railroad system dominating any part of the 254,000 miles of railroads in the United States has suffered and is suffering in some degree if not to the same extent from carefully deliberated manipulation of the kind that have wrecked and ruined the railroads I have mentioned."

"It will reveal these interests are again gathering their forces of private and secret control."

"In view of the gravity of the situation the 14 affiliated railway organizations are summoning to Washington a national conference on railroad control to meet Saturday."

C. & O. Withdraws 34 Passenger Trains—Freight Embargo Increasing.

(By Associated Press)

Chicago, August 7.—Practically all railroads of the middle west had in effect today orders to accept freight shipments subject to delay on account of the strike of federated railway shopmen. The strike continued to spread today throughout the country and union men directing the strike said traffic will be discontinued in three days.

Railway freight traffic on the Chicago Northwestern railroad was suspended today and passenger service was suspended in part.

REDUCE SERVICE

(By Associated Press)
Cincinnati, O., August 7.—Reduction of passenger service due to strike conditions was announced today by the C. & O. A freight embargo already is in force on that system.

Altogether 34 passenger trains will be discontinued until further orders. Part of the reductions are effective today and the remainder tomorrow. Four Cincinnati trains have been eliminated.

A freight embargo to Columbus and all points east was announced by the Pennsylvania.

Senator Cummins Declares Wage Demands Can be Adjusted by President.

(By Associated Press)

Washington, August 7.—By direction of the Inter-State Commerce Committee Chairman Cummins wrote President Wilson today that the committee believes he already has "complete and plenary authority to deal with" the new demands of the railroad workers for increased wages and that no additional legislation is necessary to meet the presentation.

The committee voiced its disapproval of the President's proposal that Congress create a special wage board to deal with the emergency.

Summer Sports Sore Muscles, Sprains, Injuries

All outdoors calls to us these fine summer days. Swimming, tennis, baseball—all bring into play muscles that, unaccustomed to so active use, grow sore and stiff.

There is no need for this annoyance. After taking brisk exercise of any sort, knead a light application of House-tone-o-ah into the muscles with the thumb and forefinger. No after discomfort will then be suffered. Its effects are like the application of good lubricating oil to a hot, dry motor. Besides, it is anti-septic and as E. T. Cook, Jr., famous Cornell athlete, says: "I would recommend it above all others for keeping the muscles in best condition; for pulled tendons, sprains and poisoned cuts from spiked shoes." Nearly fifty years' test proves it to be the best emergency remedy. Unlike other liniments, House-tone-o-ah (The Original Jones' Liniment) does not smart, burn or blister the most sensitive skin. Its healing power is marvelous. Don't wait for the injury to occur. Say House-tone-o-ah to your druggist. 25c, 50c and \$1.00 sizes. For your protection, see that Dr. Jones' picture is on the yellow wrapper. The Dr. J. C. Jones Co., S. Charleston, Ohio.

Kills Pesky Bed Bugs P. D. Q.

Two ounce box of P. D. Q. makes a full quart of the best bug-killer on earth. Better than a barrel of old-fashioned bug-killer.

P. D. Q. (Pesky Devil's Quinine) kills like a 42-centimeter shell. It settles bed bugs, fleas, roaches, ants and chicken lice, and not only kills the live pests, but the eggs as well.

P. D. Q. won't injure clothing, carpets, curtains, draperies or wall paper. Try it on the dog and see the fleas flip.

Your druggist has it or can get it for you.

BURGLARS ENTER THE DALE STORE AND LOCK SAFE

By forcing an entrance to the basement through a window and then ascending to the main floor burglars made a futile attempt to obtain some thing of value when the Will E. Dale furniture store on West Court street was entered sometime during Wednesday night.

It is understood that no money was left in the safe and only some small change remained in the cash register overnight. The burglars, evidently believing the safe locked, tampered with the combination and succeeded in locking the safe by their own efforts.

Indications are that the job was done by local talent.

This is the second time in two weeks that business houses in this section of the city have been entered. The City Meat Market, directly opposite the Dale establishment, having been robbed a few nights ago.

ROAD SIGNS HELP THE AUTO TOURIST

Fayette county is now fairly well marked with road signs to help the tourist in establishing the route he desires to travel without the necessity of stopping to make an inquiry.

County Road Superintendent Groves has placed markers at many of the leading highway intersections and in addition to this the signs used on telephone poles on the main roads, placed under direction of the state, give the number of the inter-county roads. These signs, placed inside of an outline of Ohio, are to be found on telephone poles at intersections and at frequent intervals along the roads.

WILL SOON BEGIN ON BAD HIGHWAY

Brewers Brothers, the contractor who are making rapid progress on the work of paving the streets of Wilmington are soon to begin work on the section of pike between Sabins and the Fayette County line. It is announced. This section of the pike is in a very bad condition and the improvement will afford welcome relief. The contractors have a reputation for fast work and it is thought that the road will be completed in record time.

WHERE IS HE?

Miss Mary Robinson, of the Home Service Department of the Red Cross, has been asked by the Federal Board of Vocational Training to locate Lovell H. Allen, private in Company F, 18th Infantry, discharged at Ft. Bliss, Texas, in October 1917, as result of a fractured limb.

Anyone having information as to his whereabouts will center a favor both to Miss Robinson and Mr. Allen by communication with Miss Allen.

GOES POWDER MILL EXPLODES

At seven o'clock Wednesday morning Wheel Mill No. 6 of the Aetna Explosives Company, located at Goes Station near Xenia suddenly exploded with a roar and shock which was clearly heard miles away. No one was injured by the explosion.

Five hundred pounds of powder was in the mill. The loss is estimated at \$3,000.

IN MEMORY OF CORA N. BRYANT.

"Somewhere the sun is shining,
Somewhere the song-birds dwell,
Hush, then, thy sad repining,
God lives, and all is well."

In the early hours of morn on August 1st, 1919, the soul of Cora N. Bryant, a beloved wife, mother, sister and neighbor, passed into that Beautiful Isle of Somewhere.

She was the oldest child of the late Charles and Matilda Backenstoe and was born in Washington C. H., Ohio, on February 20, 1873. The parents and seven children of this family were bound closely by a strong family tie and made a happy household. The

Reaper came one day and took the beloved mother, returning in a few years for the father. But the brothers and sisters, although in homes of their own making, have cherished their family circle which was so sadly broken again by the death of a beloved sister, Mrs. Mayme DeWitt, even years ago. Now the two brothers, Wert and Harry, the sisters, Mrs. Nell Craig, Mrs. Eva Smith and Mrs. Ethel Collopy, are again bowed in sorrow over the death of another sister.

But the circle from which she will be still more sorely missed is the one of her own home. She was married to George W. Bryant, August 12, 1891, and with exception of but a few years they have made their home at this place of her childhood. Four children, Mrs. Mayme Murray, Charles, Mary Elizabeth and Georgia, came to bless this home. The daughter Mary Elizabeth died at the age of nine years and was waiting to welcome the loving mother to the home Eternal. Besides the husband and three surviving children she leaves one little grandson, Tom Gardner Murray to mourn the loss of a devoted grandmother. This little one was a bright ray of sunshine in her life and most tenderly did they love each other.

Mrs. Bryant was a devoted wife and mother. She loved the keeping and beautifying of her home. To her it was a joy and not a task. She was a real help-mate and stood ready to share every care. She gave to her children unstinted love and devotion. For many years she has suffered from the asthma and each attack has been a source of great anxiety to the faithful husband and children. Most tenderly did they minister to her wants and needs and guard her from every unnecessary exhaustion and exposure. And now in the sorrow of parting they have the consolation of knowing they did their best to repay her love and care for them.

Mrs. Bryant tried to live a consistent Christian life and for many years has been an active member of the Presbyterian church. She sought council and guidance for all of life's trials from the Heavenly Father and studied his Divine Book.

She was especially active for many years in the work at McNair Memorial church and later in the Charlotte Fiddle Sisterhood of First Presbyterian church and the Elmwood Aid Society. In all of these societies she will be missed.

To her neighbors she was kind and helpful and they feel that they too have sustained a great loss.

But our loss is ever Heaven's gain, and in time the merciful Father will help the bereaved husband, children, brothers and sisters to see that Heaven will be brighter for them with this loved one there.

She had suffered for so long from that annoying disease that for her "Somewhere the load is lifted" and "close by the open gate" she waits to greet them all.

CARD OF THANKS.

We wish to offer our sincere thanks to the friends and neighbors for the kindnesses shown us in our loss, also those who sent the beautiful floral tributes.

GOVERNMENT PLAN MOVING SLOWLY

London, July 3. (By Mail)—Government projects for building houses for workmen and for providing land for soldiers are moving slowly.

The housing plan is a complicated system under which the local authorities are to do the building and the national treasury to share the expense.

The value of land and the cost of building and building materials are more than double those which prevailed before the war.

MEMOIR

Werter Fisher, son of Adam and Hester Fisher, was born near Austin, Ross county, Ohio, March 22, 1876, and departed this life at his home in Indianapolis, July 17, 1919; age 43 years, 3 months and 27 days. He was united in marriage to Ella I. Whetstone, of St. Marys, Ohio, December 28, 1909. To this union was born one daughter. He leaves to mourn his loss his wife and daughter Lola, also an aged mother, one sister, two half-sisters, three half-brothers, a number of relatives and friends.

Brother Fisher assured his pastor he was ready and willing to die, only waiting his final summons. His only regret was he was unable to see his sick mother once more. Some twenty-five years ago this brother, at Jeffersonville, this county, started as an entered apprentice at the mechanical part of the flouring mill and mill-wright business, to which knowledge he was not ever able to complete, but always ever advancing in that science.

The past ten years of his life he had been employed by the Nordike & Mornen company, of Indianapolis, Indiana, as their practical engineer and has performed that labor for said company in almost every state east of the Rocky mountains, besides in Old Mexico and Canada. And at the beginning of the world's war had all arrangements complete to go to China on a two years job, and at his death the N. & M. company was tied up on a very large job on account of having no master forman to lay out the work. His death was due to a complication of diseases, the result of an overtaxed mind, and to which with open extended hands to his fellow employees he explained, "Boys these hands have laid out their last work."

MEMOIR

Hester Ann Rowe, daughter of Elijah and Amy Rowe, was born near Frankfort, Ross county, Ohio, May 21, 1845, and departed this life at her home in Good Hope, Ohio, July 27, 1919, having reached the age of 74 years, 2 months and 6 days.

She was of a family of eleven children, of whom all have preceded her, excepting one sister, Mrs. Albert Thomas, of Roxabel, Ohio.

She was united in marriage to John Arnold in the fall of 1863. To this union were born 3 children Mrs. Louson Day, of Jeffersonville, Ohio; John Arnold, of near Good Hope, Ohio, and Mrs. Mathew Gilmer, of near Austin, Ohio, who departed this life nine years ago.

In the year 1869 she was left a widow with three small children. By the assistance of her father and brother she supported her three children.

She remained a widow until 1874, at which time she was united in marriage to Adam Fisher of Ross county, Ohio. To this union were born two children, one daughter, Mrs. Chas. E. Miller, of Columbia City, Indiana, and one son, Werter Fisher, of Indianapolis, Indiana, who preceded his mother to the great beyond only a few days ago.

Early in life she united with the church and continued a devoted member until the time of her death. Her life was centered in her church, her home and her loved ones.

Children, brothers, sisters, and grandchildren, these were her joy. Her's was a life of service, of beautiful consecration to the duties nearest her, the duties of the home.

She leaves to mourn her loss, two daughters and one son, and three stepchildren, Mrs. J. W. Miller, of near Austin, Ohio; W. D. Fisher, of Springfield, Ohio, and John Fisher, of Frankfort, Ohio; also nine grandchildren and one great-grandchild besides a host of relatives and friends.

A precious one from us is gone. A voice we loved is stilled; A place is vacant in our home. That never can be filled.

CARD OF THANKS

We wish to thank the friends and neighbors for the kindness shown during the illness and death of our most beloved mother and brother; for the beautiful floral remembrances.

FARM NOTES

Study of Farm Business
To Show Effects of Tractors

A rather exhaustive study of the effects of tractors on the farm business is being made by the Department of Rural Economics of the Ohio State University and will be continued for 5 years. One hundred farms have been selected that have been equipped with a tractor during the present year. Accurate accounts have been secured from these farms for the past year and these accounts will be carefully compared with those secured for the next four years.

This study, on account of the long period of operation and the details of planning, will give data concerning the cost of operating tractors that will be rather conclusive. Other items under observation are the effects on horse labor, the number, if any, of horses that may be eliminated, the period of the year that will determine the number of horses required on the farm, the amount of labor that the tractor eliminates, the kinds of work for which the tractors are used and the effect of tractors on the size of the farms.

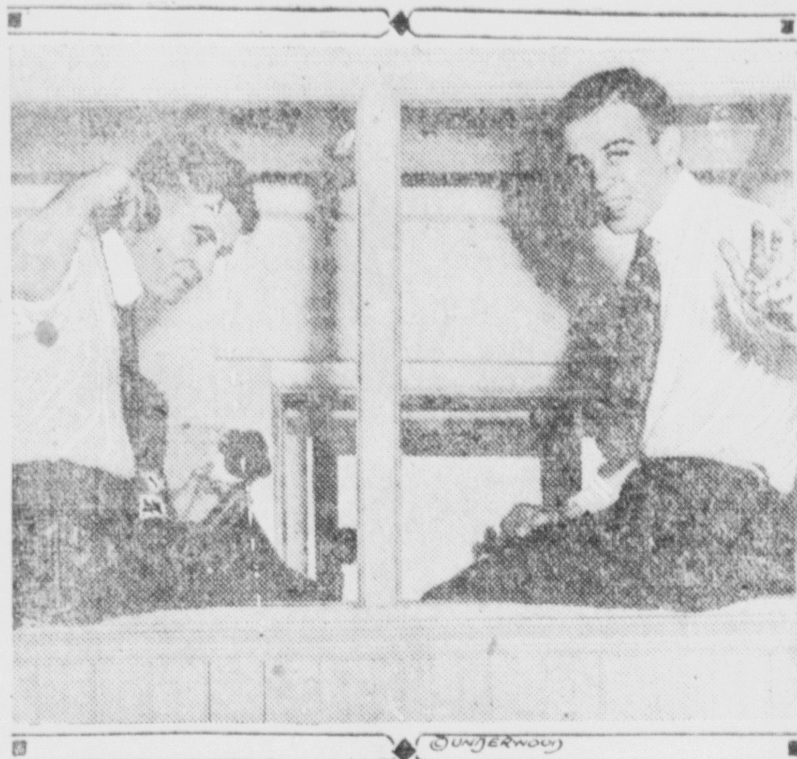

The farms on which this study is to be made are located in west central and in the northeastern portion of the state.

Peonies Planted Now
Blossom Next Year.

Peonies and irises should be planted from August 15 to September 15. A very common mistake in planting these perennials is to wait until spring before securing the plants. Both plants have very thick storage roots which send out numerous small feeding roots during the fall of the year. In transplanting, these feeding roots are for the large part destroyed and a new set must be produced. Therefore, those who hope to plant peonies or irises next spring should order them from the nursery immediately and plant them where desired. This will allow the plants to make ample growth this fall and will be in good shape to produce blossoms next spring says Professor A. C. Hottes, Floriculturist of the Ohio State University.

BILL CARRIES RADICAL CHANGES

(By Associated Press)
London, July 12.—(By Mail)—The vast scope of the work to be undertaken as soon as the much discussed transport bill is passed by parliament was outlined the other day in the House of Commons by Sir Eric Geddes, Minister of Ways and Communications, who will head the new extensive reforms and improvements planned for the railways, roads and docks. The railway program includes the following:

Elimination of all competitive services given merely for the sake of competition.
Common use by all lines of rolling stock.
Elimination of privately owned railway cars.
Increase of traffic by judicious electrification of certain lines.
Increase of the size of rolling stock necessitating the alteration of station platform clearances, enlargement of the entrance to ware houses and the like.
Standardization of rolling stock and locomotives.

The Perfect Super-Six

The perfected development of the Hudson Super-Six is the result of experience and facilities possessed by no other organization.

For the past ten years every model has been an unqualified success and each one has witnessed an advancement over previous designs.

Tests which resulted in wresting the speedway championship from foreign built cars as well as the experience of more than 60,000 owners have served as the guides to refinements which have culminated in the perfected development of the new Super-Six.

Another and equal factor in the perfection of the Super-Six is the unrivaled factory production facilities built up during the past ten years. During that period there has never been a day that has not seen an increase in the size of the Hudson factory while the perfection of its equipment has kept steady pace with its growth.

The steady increase in production has been the result of constantly enlarged facilities which provide for micrometer accuracy in every one of the 10,000 operations necessary in building a Hudson. Every operation is performed by a man or men specially trained to do that one thing and that only.

The result is that there have never been enough Super-Sixes built to supply the demand and this year the shortage is more acute than ever before. Therefore the only way to assure having your car when you want it is to order at once.

Well Started

Government and state authorities are furnishing abundant proof, in the way of substantial results attained, of their determination to stop profiteering in and hoarding of foodstuffs.

Orders have been issued by the Department of Justice to leave nothing undone to bring offenders to justice and uproot a system of food piracy, the existence of which seems more certain with each day's developments.

The campaign in the interest of America and Americans seems well launched. The results thus far attained are considerable and are certain to have an important bearing on the ultimate purpose.

President Wilson has determined, it is announced, to give his entire time and attention to the solution of the grave problem of living costs which the American people are confronting. The President has realized the pressing need for action—positive, aggressive and determined action—to reduce living costs in America.

It is welcome news to every community, large and small, throughout the nation, that other questions, not so vitally and pressingly important and direct in their effect, are to be sidetracked for the present.

The cost of living problem is a tremendous one, even if it was not complicated by unrest in the industrial centers and threatened strikes of working men.

The deeply interested individuals, so far as any law forbidding it is concerned, can still gather in groups at the cross-roads or in the favorite places in towns and cities to give expression to their own opinions and argue their own particular theories as to how existing problems could and should be solved.

There are, of course, many important elements in the great problem which people generally do not understand.

However, the suggestion that an embargo be placed on all foodstuffs and necessities such as leather, steel, woolen cloth, raw cotton, wool, and the like, until home consumption and home demands, unhampered by the bidding of foreign countries, automatically readjusts prices according to the law of supply and demand in America, seems promising of results.

Chaotic conditions abroad, the feverish demand for all foodstuffs and every article of wearing apparel, given free access to our supply, can't fail to create a demand which will cause prices to soar far above any figures justified by home needs.

The time has come when, commercially speaking, "America for Americans" should be the rule. If America is to help the world in the reconstruction period it must preserve itself. Our own affairs must not be brought to the unwholesome level of war-torn European nations.

We Americans dislike too much government interference with private business but no need of war time was more urgent than are the needs of these first months of the reconstruction period.

American markets must be preserved from the mad rush of needy European buyers else our own supply, our own ability to produce will be so seriously hampered and disarranged that we will soon be in a place where the helping hand will be palsied.

The investigations into hoarding and profiteering should be pressed to the fullest extent by nation and states but we cannot avoid a fear that if profiteering is disclosed it will be found to be more a development—an outgrowth—of conditions which are more deeply embedded in the financial, industrial and commercial life of the nation.

Wages can't be forced down while living costs remain up. It seems perfectly clear that our first drive must be against prices of necessities—food and clothing.

The question is one which refuses to settle itself. It seems to demand vigorous official action and the announcement that it is to receive the whole attention of the President and Congress is the first real hope extended.

If America must, for a time at least, feed and clothe the world, America should fix the prices and those prices should be such as the American law of supply and demand decree.

The present conditions, it seems, are in principle, the same as those which obtained in the early days of the republic. American labor could not have been brought to its high wage standard had not the market been saved, by protective tariff laws from the ruinous competition of pauper labor and cheap goods of Europe. By protective tariff we maintained the high standard. Now under reversed conditions can we not protect by tariff or embargo the American prices from the unhealthy and abnormal demand of needy Europe.

POETRY FOR TODAY

HOUSES

The big house down in the valley
Is very fine to see.
By day 'tis throned, like any Queen,
Upon a dais richly green;
By night, with flashing gems aglow
It makes an even braver show.
And still invites, with regal air,
The homage of those gathered there.

The wee house high on the mountain
Is dearer far to me.
By day 'tis like a winsome maid
Who laves her feet, all unafraid,
Within the small stream, crystal clear,
That twinkles confidently near.

By night its windows are two eyes
That light a man to paradise.

AMERICANS HAVE STRONG NERVES

Nervousness and Nerve Troubles on the Decline

"Nothing wrong but your nerves," is a saying that is fast dying out in this country. While nerve trouble is no organic disease, a leading nerve specialist remarked: "A man or woman might better break a leg than have a shattered nervous system."

Overwork and worry drains nerve cells of their reserve strength and food, and then follows the sleepless night, indigestion, poor appetite, impure blood and general nervous break-down.

The thing to do in such cases no longer troubles doctors and their patients who know from their own experience the value of Phosphated Iron. They know that a few weeks' regular use of this nerve food and red blood builder will strengthen and brace up the whole nervous system, because Phosphated Iron gives the tired, hungry, worn-out nerve cells phosphates and iron, in a form easily and quickly absorbed; as one happy user said: "You can almost feel it taking hold of the nerves and blood, after a short time you feel like a new person; life seems a pleasure and worth living once again."

In every section where Phosphated Iron has been used there has been a big decrease of nerve troubles and it will prove a welcome relief to any sufferer. You can bank on it for results—it's pure.

To insure physicians and their parties getting the genuine Phosphated Iron we have put up in capsules only, do not take pills or tablets. Insist on capsules.

MEXICO CITY HAS SOCIAL REVIVAL

(By Associated Press)

Mexico City, July 11.—(By Mail)—

The end of the war has brought a revival in this city's social life which, throughout the war, reflected the serious mood that prevailed in the capital of so many other governments. The various foreign colonies which contribute much to society here have resumed a schedule of balls, receptions and banquets which for three years had been neglected for more serious war work. To show that the victims of the war have not been forgotten an allied masquerade ball is to be given soon for the benefit of the Belgian orphans. This promises to be one of the gala events of the social season.

Marked cordiality is shown by the members of the best Mexican society to the various foreign colonies.

Be happy and perhaps you'll be good.

SOCIAL : PERSONAL MENTION : CLUBS

The eighth annual re-union and picnic dinner of the Hegler family, held Wednesday, was crowned with the same complete success that attended each successive affair and even rivaled those of the past in its many delightful features.

For the third time the reunion was held in the beautiful grove adjoining the home of Mr. and Mrs. Almer Hegler.

The ideal surroundings and the perfect day contributed a large share to the pleasure and Mr. and Mrs. Hegler extended the hospitality of their home in every possible way.

Nearly a hundred members of the Hegler clan were in attendance and the ties which bind the different branches of this pioneer Fayette county family were drawn even more closely together at the end of the happy day.

Of course the noon feast which included everything to be thought of in delicious viands, was a prominent feature in the days visiting.

Among relatives who came from a distance were Prof Charles Haigler and family, of Boston, Mass., Mr. and Mrs. Raper Hogler, Mr. and Mrs. George Booth, Mrs. Laura Adams, of Jamestown; Mrs. Harry Baker and daughter, Miss Sarah, of Columbus; Mr. Alex. H. Ballard and family, of Dayton; Mr. Seymour Irwin and family, of Greenfield; Mr. and Mrs. Horace McMillan and son, Carl, Mrs. Chas. Record and daughter, Wanda Lee, of Wilmington; Mr. Jess Hankins and family, of Sedalia.

Miss Opal Moore was hostess at a jolly little motoring party to the Murphy theatre at Wilmington, Wednesday evening, in compliment to Miss Kathleen Davis, guest Miss Eugenia Pavey, of Columbus and Miss Ruth Reid's guest, Miss Alice Shnyder, of Sandusky.

Included in the party with the hostess and honor guests were, Misses Davis, Reid and Gretchen Willis.

Miss Hazel Moore pleasantly entertained with a six o'clock dinner, Wednesday evening at her home on Oakland avenue.

The table was prettily decorated with golden glow and a menu of delicious viands including fried chicken and all the season's delicacies were served.

The guests were confined to the girls employed at Fite's Grocery.

Mrs. Frank M. Fullerton threw open her commodious home for the Presbyterian Guild Kensington of Wednesday afternoon and was assisted in entertaining by Mesdames James A. Crawford, J. M. Willis, Amy Hudson, F. M. Rothrock, A. M. Bush, D. H.

The afternoon was purely social and was much enjoyed with a profusion of golden glow in tasteful decoration throughout the rooms and a refreshing summer collation served.

Wednesday was a memorable day with the young people of the McNair Memorial Presbyterian Sunday School the occasion a joyous picnic on the beautiful grounds of the Children's Home.

A hundred and sixty-three happy children were taken out in autos and hay wagons and found Supt. and Mrs. T. S. Pinkerton and the children at the Home, who are members of the McNair Sunday School, giving them hearty greeting and doing everything possible to increase the pleasure of the day.

The lovely grounds of the Home, with shady grove and flowering gardens was a perfect place for the picnic and the bounteous noon spread was served on long tables. There was everything good to eat and, to the children's great delight, plenty of ice cream. Swings and croquet were popular and running races and horse shoe throwing included in the afternoon's sports.

The competent committee in charge included Supt. Pinkerton, C. F. Bonham and Clarence Campbell, the pastor, Rev. Rejy, lending all possible assistance.

One of the most enjoyed Sufrage teas in the chain was entertained Wednesday night by Mrs. V. P. Smith of S. Fayette street, assisted by her daughters Mrs. Frank S. Jackson, and Mrs. William Morgan, of Springfield, and their guest, Mrs. Fred Sprenger of Marion, Ill.

It was well attended, thirty five women, chiefly of the Sunnyside neighborhood very much interested and full of enthusiasm.

The warm, moonlight evening led to the converting of the tea into a porch party and, trailing vines and flowers made the setting very attractive.

Mrs. James Ford, Vice President of the Sufrage Organization, was a charming presiding officer and two exceptionally fine talks were made by Mrs. H. G. Coffman and Miss Agnes Kerrigan.

Mrs. Coffman was very clear and concise in her presentation of the latest developments in the Sufrage movement. Miss Kerrigan took up the child welfare side, through which to her, Woman's Sufrage makes its strongest appeal, and punctuated her talk with humorous and appropos stories, cleverly told.

Mrs. Ford clenched the talks with brief summary remarks.

Before the party broke up the hostess served dainty refreshments.

The Knights of Pythias are issuing invitations for the midsummer's dance, and annual social event that always accompanies Fair week, to be given at their castle on Thursday evening, August fourteenth.

The committee Messrs. Oscar Orr, B. A. Schadel, Griffin Wilson, C. A. Gossard, W. O. Dehart and Dr. P. E. Decatur are completing arrangements to make this dance one of the big events of the season. The Chillico-

the Jazz Orchestra has been secured to furnish the music.

Helen McCune who is entertaining Dorothy Zooker of Portsmouth gave a delightful picnic at Cherry Hill Wednesday afternoon in honor of her guest.

Twelve young girls spent a jolly afternoon together playing games.

The twelfth annual reunion of the Tway family was held on the Union Chapel lawn at Yatesville Wednesday August the sixth.

There were ninety-eight relatives and friends present. A bounteous dinner was the most enjoyable feature of the day, followed by a special program presented in the church. Ice cream was served on the lawn.

Those attending from this city: Mr. and Mrs. N. S. Tway, Mr. and Mrs. E. W. Durlinger, M. L. Lyons, wife and little daughter Wilma Jane, Mr. and Mrs. David Whiteside, sons Robert and Wendell.

Mr. and Mrs. Harley Henkle are receiving congratulations on the birth of a son at their home near Sabina. Mr. and Mrs. Harry Henkle, of Dayton Avenue, went over to visit their grandson Thursday.

Mr. and Mrs. Thomas Hare, of Westerville, are here to attend the funeral of Mrs. J. Earl McLean.

Rev. and Mrs. W. E. Bancroft of Columbus, were guests of Mr. and Mrs. Lewis H. Mark the first of the week.

LARGE NUMBER ENJOY ANNUAL K. OF P. PICNIC

Busy Work Among Farmers Reduces Attendance Somewhat.

Full Program Entertains Crowds Throughout Day.

Although only a fair sized crowd was in attendance at the Bloomingburg K. of P. picnic given by the Bloomingburg Lodge in Rodgers Park, Wednesday, the gathering was a pronounced success and a most enjoyable day was spent in the beautiful grove.

A most complete program had been arranged for the day, including ball games, trap shooting, wrestling, field and track events, and other athletic games.

With well filled baskets and with the intention of enjoying the day to the fullest extent many gathered in the park long before the noon hour. Quite a few came from surrounding towns, with a large representation from this city.

The beautiful park with its ample parking space proved an ideal place for the event.

Many were prevented from attending by the fine weather which is permitting threshing. The smoke of many threshing outfits surrounding the picnic grounds gave evidence of the busy season.

FOURTH DAY OF CONVENTION

Thursday, the fourth day of the Fayette County Teachers' Institute being held in this city, was filled with a most interesting program. Superintendent Edmund's address "Theodore Roosevelt" which had been postponed from Tuesday was delivered Thursday morning. During the morning session Professor Martin spoke on "Imitation and Morals." The devotional exercises were conducted by Rev. Arthur P. Cherrington.

In his lecture on "Theodore Roosevelt" Superintendent Edmund declared that this man would rank eventually with the half dozen great Americans. An interesting sidelight of the talk was the bringing out of the many characteristics of the former president.

Instructive lectures were delivered in the afternoon session by the two lecturers. Superintendent Edmund chose for his topic, "History and Geography." Professor Martin was highly interesting in his lecture, "Educational Reconstruction."

Because of the excessive heat it is announced that there will be no evening session Thursday.

110 STRIKES IN NEW YORK
New York, August 7.—More than 110 separate strikes are in progress in New York City.

Vessels Collide Near St. Pierre and 20 Persons are Missing

Collision Takes Place During Heavy Fog.

(By Associated Press.)
Halifax, N. S., August 7.—Twenty persons are believed to have lost their lives when the schooner Gallia was sunk last night in a collision with the British steamer Warwitch.
The schooner is reported to have carried a crew of at least fifteen and possibly a dozen passengers, and only seven survivors are named in wireless messages from the steamer.
The collision occurred close to St. Pierre, and is supposed to have been due to a heavy fog.

RAPID TRANSIT STRIKE RESULTS IN UGLY RIOTS

(By Associated Press.)
New York, August 7.—Rioting and the firing of shots at a wrecking crew early today marked the beginning of the second day of the Brooklyn Rapid Transit strike.

One person was probably mortally wounded.

The company reported today that a few surface and elevated trains were being run but service was only about 15 per cent of normal.

TO CONSIDER MEXICAN PROBE

(By Associated Press.)
Washington, August 7.—Demands of several senators for a general investigation of the Mexican situation will be considered tomorrow by the Senate Foreign Relations Committee.

REGARD RAILROAD STRIKE SITUATION AS VERY SERIOUS

Early embargoes on shipments of goods are anticipated, which would mean speedy cessation of all freight hauling, and reduction in the passenger train service.
Local business interests such as depend largely upon the railroads for prompt movement of goods, and for receipt of supplies, are inclined to look seriously upon the possibility of a speedy tie-up of the railroads.

BREAKS ARM

Floyd Lynch, the five year old son of Mr. and Mrs. W. B. Lynch of Millwood broke his left arm at the elbow when he fell from a fence, Wednesday evening.

The break is said to be a very bad one.

When it comes to speaking ill of their neighbors most people are there with the goods.

GOITRE

Removed for This Washington C. H. Lady by External Remedy.

Mrs. D. A. Wilt, this city, says: "I had an exophthalmic goitre and suffered beyond description for three years. I was a nervous wreck and in a terribly run down condition. I had almost given up in despair when a friend advised me to use Sorbol-Quadruple. Two bottles have practically cured my goitre and restored me to much better health in every way. I am glad to tell my experience, even by letter."

Sorbol-Quadruple comes in small bottles containing enough for most cases. It will not irritate or stain skin. Requires ten minutes daily.

Get further information at Blackmer and Tanquary's drug store or write Sorbol Company, Mechanicsburg, Ohio.

Coffee

We do not as a rule try to alarm the buying public. We are of the opinion, however, that all coffee will be higher than it now is. We bought 50 bags of coffee yesterday, 6500 pounds. We paid for that coffee 48c per pound. We are selling the same coffee today at 52c per pound. If you purchase 25 pounds you can buy same at 49c per pound.

We have some coffee on hand bought at a lower price, or we could not sell at above figure. Buy 25 pounds of Fresh Roasted Coffee; save 3 cents per pound by buying in quantity.

Protect yourself against higher prices. Take it out as you need it, one or two pounds at a time. Get it fresh roasted the day you receive it. We are of the opinion that you will thank us for the above suggestion.

Buy all staple items in quantity and save from 5 to 15 per cent on your purchases. Solve at least a part of the "high cost of living" problem yourself.

Make a Survey of Battery Repair Plants

After making the rounds of the various battery repair shops you will be convinced of the superiority of the U S L Battery, for you will find so few of them laid up for repairs. And then when you ask the owners how long they are laid up for repairs, when it becomes necessary, you will be convinced of the simplicity of construction and ease with which they are repaired.

Battery men, as a rule, like to work on the U S L for its construction makes it easy to repair, thus less expense to the owner.

Noted Pacific Coast Orator and Lawyer To Lecture at Chautauqua on "Beautiful Victorious America!"

FRANK BRANCH RILEY OF PORTLAND, OREGON, TAKES PLACE OF JUDGE LOBINGIER, WHO CABLES FROM SHANGHAI THAT PUBLIC DUTIES PREVENT HIS COMING.

It's an ill wind that blows nobody any good as true a saying in arranging Chautauqua programs as in anything else. While the Chautauqua management had made its contract with Judge Lobingier, of Shanghai, China, three years ago, it was not until a few days ago that a cable came from the Judge that public duties prevented his coming in time for his Chautauqua engagements; this left an opening in the program so the management could place Frank Branch Riley before Chautauqua audiences this summer—a thing that the management has wanted to do ever since he was heard several times in Cleveland in his wonderful lecture on "Beautiful Victorious America!"

Mr. Riley, as his name indicates, is Irish—of course, he is an American. He has all the wit and humor for which the Irish are noted when at their best. He is one of America's greatest and most interesting speakers and has long been called the greatest orator from the Pacific Coast. Added to his gifts as a speaker, he will show some very beautiful pictures of "Beautiful America"—pictures that will help to convince you that this is the most beautiful country in the world as well as the best—provided you need anything shown you or told to you to convince you of that. He can't be described—he's a rare combination of orator, wit, humorist, story-teller, raconteur, actor, showman, preacher, lawyer, debater, and lecturer.

WILL REBUILD SEVEN MILES ON MAIN ROAD

New Martinsburg Pike To Be Rebuilt From Sugar Creek to Highland Line.

Estimated Cost \$35,800 and Bids Will be Opened in Near Future.

At a hearing before the County Commissioners, Wednesday afternoon, the engineer's report on the improvement of some seven miles of the New Martinsburg pike, from the Sugar Creek Bridge, to the Highland county line, was accepted and a resolution passed calling for the advertising for bids for rebuilding the road at an estimated cost of \$35,800.

Not a single complaint was made against improving the road, and the improvement is to be a 10 foot macadam center with four footberms on either side.

It is expected that bids for the construction will be opened within the next two or three weeks, and that at least part of the road will be constructed this fall.

Taken as a whole the road to be improved is one of the worst in Fayette county, and the only travel over it by automobile is where it is absolutely necessary, and autoists generally make long detours to avoid the section to be improved.

The road in question passes through New Martinsburg, and connects with the Greenfield and East Monroe pike a short distance east of East Monroe.

GIANTS SET MODERN BASEBALL RECORD BEFORE WILBUR COOPER SHUTS 'EM OUT

Wilbur Cooper.

What is believed to be a record in modern baseball was set by the Giants this season when they played their way through sixty-six games without being whitewashed a single time. It was Wilbur Cooper, premier pitcher of the Patterson Pirates, who finally halted their wrecking crew by letting them down without a tally.

WILLIAM JACKSON ESCAPED CONVICT IS PICKED UP HERE

"Wait a minute"

Sheriff N. B. Hall wanted a second look at one of a trio of train riders which had been placed in the county jail by B. & O. Officer Liguance.

The second look convinced him that he had seen one of the negro train riders before.

"What's your name?" demanded the sheriff.

The man replied with a commonplace name and said he was from West Virginia.

"You are William Jackson, from Kentucky, and are wanted for escaping from the Mansfield reformatory," said the sheriff.

"I'm not William Jackson, sheriff," denied the man, whereupon he asked how he knew that Sheriff Hall was the sheriff.

It speedily developed that Sheriff Hall knew his man—William Jackson having been sent to Mansfield a few months ago for robbing a couple of homes on the Devalon road.

Inquiry at the Reformatory brought the information that Jackson was still

confined there. Jackson, however, admitted that he certainly was not confined there, and then said he had escaped from the Boys' Industrial School at Lancaster, to which place he had been sent from the Reformatory.

The Industrial School was notified and said Jackson had taken French leave on July 29th.

The youth was returned to the institution Thursday.

EDUCATIONAL COST INCREASES

(By Associated Press.)

Philadelphia August 7.—The cost of public education here increased \$2.52 for each pupil last year.

In the previous five years, the cost of public education increased only \$1.08 for each pupil.

Philadelphia last year paid \$40.15 for the instruction of each of its 235,258 pupils in the public schools. In 1917 the cost was only \$37.63 a pupil. In the last year there were thirty-six to forty-four pupils to each teacher.

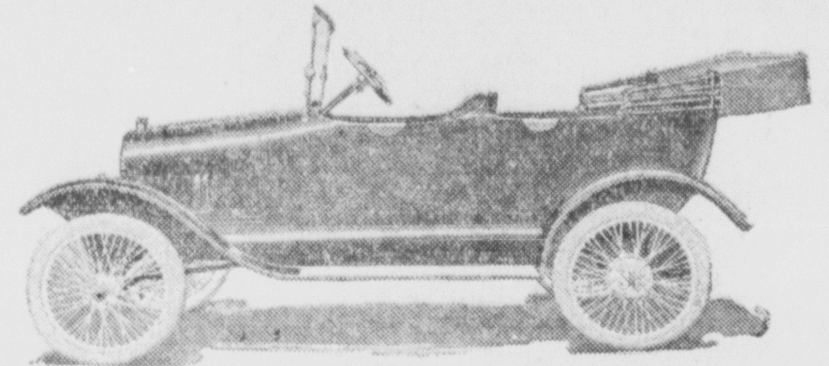

In its total amount of expenditures for education the Philadelphia Board spends more, with the exception of New York and Chicago, than any other city in the nation. New York spends about \$42,000,000 annually on its schools and Chicago spends about \$17,000,000. Philadelphia last year spent \$11,800,787.

DANGER THREATENS MANY YOUNGSTERS

Parents of children have been requested to keep their youngsters off the streets while the flusher is being used, owing to the great danger that threatens the lives of the youngsters by passing automobiles.

On some of the streets it has been the custom of the children to walk along in the water thrown by the flusher, and by darting about the flusher some of them are likely to step from behind the flusher and directly in front of automobiles which could not possibly stop in time to prevent accident.

One instance in which one or more of a group of children nearly met serious injury occurred on East Paint street, Wednesday, when a local man driving at an excessive rate of speed attempted to pass on the wrong side of the flusher and on the side where the children were dispersing in the water. Only by jamming on the emergency did the man keep from plowing among the children, who were totally unaware of the approach of the car until it was almost upon them.
